

Message to the FCC. Leave our Wisconsin "DO NOT CALL" law alone. Since inception, my wife and I can finally enjoy our evenings. We occasionally receive telemarketing calls but they have been greatly reduced. For those few annoying calls our response is to ask the telemarketer for their home phone number so we can call them. Secondly, any Company mentioned, we put on our "DO NOT BUY LIST". Please send me a list of C.B.A. members that are pushing for change to our Wisconsin Do Not Call List, and we'll be happy to add them to our "DO NOT BUY LIST".
